

### April, 2012 - Send a Message to Michelle Bachelet

The UNA-SF is excited to use our brand new Voices of Humanity software to send a Women's message and a Men's message to the Executive Director of UN Women, Michelle Bachelet.

To participate, send your name, gender and country of origin to Roger Eaton, UNA-SF coordinator of the Michelle Bachelet event at [rogerweaton@gmail.com](mailto:rogerweaton@gmail.com). You will be informed by email when the online event begins in April when the software is promised to be ready.

Briefly, it works this way: each participant writes a short message to Michelle Bachelet (150 words or less). We all read and rate each other's messages online. The message written by a woman and rated highest by the women participants will be selected to be delivered to UN Women Exec. Director Bachelet along with a similarly selected men's message. More details are available at [intermix.org](http://intermix.org).

If you haven't heard, there is a major push on to have a Fifth World Conference on Women in 2015 right here in San Francisco! The UNA-SF can play a huge role. One angle we can work on is to expand the participation in an annual Message to Michelle Bachelet on IWD so we have millions of people involved by 2015. Such a message with massive participation would have a tremendous positive effect on the world. Let's make it happen!
